

## PREFACE

First of all, the author would like to give thanks to God Almighty who continues to provide extraordinary wisdom and health in completing the final academic requirements in order to pursue a study degree, namely Bachelor of Management at Pelita Harapan University, Surabaya Campus. In this study, the authors believe that the expression, presentation, and use of words and language are still very far from perfect. Therefore, with all humility the writer expects suggestions, criticism and all forms of direction from all parties for the improvement of this final project research. On this occasion, the author also wants to express his deep gratitude to those who have helped and supported the completion of this research until the end. These thanks are specifically addressed to:

1. Mr Dr. Ronald S.T., M.M, CSMA, CDM, PMA as the Associate Dean and the first supervising lecturer who has devoted such great attention, time, energy, patience, and gave me such high encouragement from the start until this research was completed.

2. Mrs. Dr. Amelia SE, RFP-I., MM, CSMA as the management study program that helped many things in my college life that I went through while studying at UPH Surabaya, as well as as the second supervisor who has helped and provided suggestions and attention so that I can complete this research.

3. Mr. Yanuar, as the first examiner lecturer who also provided input and direction to the author for the completion of this research.

4. My family who always pray, provide encouragement and support in completing this research.

6. My friends in arms, Sandra, Gabriel, Farel, Moudy, Edwin and Imelda who have encouraged me in the college life that I went through while studying at Pelita Harapan University, Surabaya Campus, especially those who have helped and provided support in this research.

7. Other parties that cannot be named one by one who have helped the author in preparing this research.

Only the author can pray that God Almighty will repay all the kindness and support from Father, Mother, Brother, and friends at once. Hopefully this research can be useful, especially for the author and parties with an interest in the same topic. All criticisms and suggestions for this research will certainly be very useful for further improvement
